Dear Examiner Johnson:

Attached are copies of documents filed with the USPTO last week. The documents are associated with the U.S. Patent Application no: 10/802,115, filed March 13, 2004 by the inventor Heinz Thummel and assigned to LASER devices Inc. The documents include a copy of the assignment and a "REVOCATION AND SUBSTITUTION POWER OF ATTORNEY UNDER 37 C.F.R. 1.36" executed by the Inventor and CEO of the assignee. The "REVOCATION AND SUBSTITUTION POWER OF ATTORNEY UNDER 37 C.F.R. 1.36" provides me with power of attorney in this application.

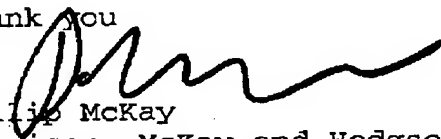

I have left two voicemails regarding this case and I have also been told that you recently spoke with the Inventor and the General Counsel for the assignee, LASER devices. In short, this case went abandoned without my Client's knowledge. In addition, previous counsel has not responded to requests for files, documents, and other information regarding this case; indeed, previous counsel will simply not respond to my Client's phone messages or letters.

My problem is that I do not have copies of the office actions and responses filed so far in this case, neither does my Client. Consequently, I do have any documents indicating the current status of the Claims, the content of the Claims, or any history of amendments to this application. In order to revive this case, and submit a response to the last outstanding action, I obviously need to know what amendments have already been entered.

As a result of the situation described above, I was wondering if you could provide me with copies of all previously issued official actions and all previously filed amendments, my FAX number is (831) 333-1069. In addition, if I could speak with you for just a few moments about this case it would be very helpful. I am not looking to discuss any particular amendment or substantive issues, I would just like to try and understand procedurally what have taken place thus far.

I will try to contact you tomorrow, October 30. I can be reached at (831) 642-9980. In addition, as noted, my FAX number is (831) 333-1069.

Thank you

Philip McKay
